Coronavirus (COVID-19) Funeral Assistance

The COVID-19 pandemic has brought overwhelming grief to many families. At FEMA, our mission is to help people before, during and after disasters. We are dedicated to helping ease some of the financial stress and burden caused by the virus.

FEMA is providing financial assistance for COVID-19-related funeral expenses incurred after January 20, 2020.

Which expenses will qualify for reimbursement?

Examples of eligible expenses for funeral services and interment or cremation may include, but not limited to:

- Transportation for up to two people to identify the deceased individual
- The transfer of remains, a casket or urn
- A burial plot or cremation niche
- A marker or headstone
- Clergy or officiant services
- The arrangement of a funeral ceremony
- The use of funeral home equipment or staff
- Cremation or interment costs
- Costs associated with producing multiple death certificates

What information do I need to provide to FEMA?

Please have the following information before contacting FEMA to apply:

- Your name, social security number, date of birth, mailing address and contact phone numbers.
- The name, social security number and date of birth for each deceased individual.
- The location or address where the deceased individual passed away.
- Documentation and receipts for any assistance already received from other sources, including burial or funeral insurance, donations, voluntary agencies, other government programs or non-profit organizations.
- If you and another person both incurred funeral expenses for the same deceased individual(s), you can also provide that person as a co-applicant — include their name, social security number and date of birth on the application.

To be eligible for funeral assistance, you must meet these conditions:

- The death must have occurred in the United States, including the U.S. territories, and the District of Columbia.
- The death certificate must indicate the death was attributed to or caused by COVID-19.
- The applicant must be a U.S. citizen, non-citizen national or qualified alien who incurred funeral expenses after January 20, 2020.
- There is no requirement for the deceased person to have been a U.S. citizen, non-citizen national or qualified alien.

COVID-19 FUNERAL ASSISTANCE

If you lost a loved one to COVID-19, you may be eligible for a government program that pays for funeral expenses. The Federal Emergency Management Agency (FEMA) will pay up to \$9,000 for funeral expenses for loved ones who died of COVID-19. Survivors can apply for benefits by contacting FEMA, toll-free, at 844-684-6333. To find out if you qualify, read FEMA's [Funeral Assistance FAQs](#).

Unfortunately, FEMA reports that scammers are contacting people and pretending to offer to register them for assistance. To avoid those scams, here are some tips:

- FEMA ***will not contact*** you until you call or apply for assistance.
- The government won't ask you to pay anything to get this benefit.
- Don't give your own or your deceased loved one's personal or financial information to anyone who contacts you out of the blue.

If you think you got a scam call, hang up and report it to the FEMA Helpline at 800-621-3362 or the Federal Trade Commission at [ReportFraud.ftc.gov](#).

HOW DO I APPLY FOR THIS ASSISTANCE?

Call FEMA's COVID-19 Funeral Assistance Helpline at 1-844-684-6333 (TTY: 800-462-7585) from 9 a.m. to 9 p.m. ET, Monday – Friday and begin the application process.

For fastest service following your application, you can begin submitting documentation online through [Disasterassistance.gov](#) by fax 855-261-3452.

Documents may also be mailed to:
COVID-19 Funeral Assistance
P.O. Box 10001
Hyattsville, MD 20782

IN THE MALL

Beginning July
5th

July and August only

Mondays, Wednesday, Fridays 11-11:45 a.m.

At Cross County Mall in the hall by Elevate, enter through the back mall entrance next to the old Carson's back entrance. In the hallway north of the fountain.

This is a low impact 45 minute dance exercise class with 2 short water breaks. Masks are not required.

Class is free with a \$3 suggested donation to help offset the instructor's costs. Taught by licensed Zumba Gold® instructor Louise Vassay.

Chair Yoga in the mall

Tuesdays and Thursdays, July and August

10:00 – 10:45 a.m., beginning July 6th

At the Cross County Mall, in the hall by the fountain, north side of mall. Enter through the back mall entrance **next to the old Carson's back entrance**.

Modified for the chair this Chair Yoga class incorporates all of the benefits of yoga: improved flexibility; a healthier, stronger and more relaxed you; and increased oxygen intake. We will be doing seated and standing poses only, shoes will be worn. Mask are not required. Class is free with a \$3 suggestion donation.

The COVID-19 vaccine is coming! You may need to receive two doses of the vaccine; please check with your healthcare provider or local health department. The vaccine will be available at no cost.

WHY SHOULD I TAKE THE VACCINE?

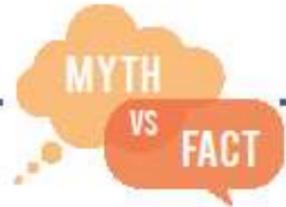

Older adults have a higher risk for severe illness and hospitalization if they get COVID-19. Research has demonstrated that the vaccine is 95% effective in preventing COVID-19. The COVID-19 vaccine will help keep you, your family, and your community healthy and safe.

IS THE VACCINE SAFE?

We understand that some people may be concerned about getting vaccinated. The COVID-19 vaccine was tested with thousands of participants to generate scientific data and other information in order to determine its safety and to get approval from the Food and Drug Administration.

SIDE EFFECTS

Short-term side effects are mild and may include fever, fatigue, muscle and joint pain, chills and sore arms. They will go away in a few days, but they are normal and a sign your body is working to build up protection against the virus.

MYTH: If I get vaccinated for COVID-19 I'll be more vulnerable to other illnesses.

FACT: While the COVID-19 vaccine will work to teach your immune system to recognize and protect against coronavirus, it is not proven to make you vulnerable to other illnesses.

MYTH: After I get the vaccine, I no longer have to wear a mask.

FACT: While health experts learn more about the protection of COVID-19 vaccines, it will be important for everyone to continue to wear a mask, wash hands often, and practice social distancing.

Contact your local health department to ask about COVID-19 vaccination in your area:
<http://www.idph.state.il.us/IDMap/HealthRegions.aspx>

Illinois Department of Public Health COVID-19 vaccine site:
<http://idph.illinois.gov/covid19/vaccine-faq>

For general questions about COVID-19 and Illinois' response and guidance, call 1-800-889-3931 or email DPH.SICK@ILLINOIS.GOV.

COVID-19 Vaccine Distribution - coronavirus.illinois.gov

Vaccines Available

- Pfizer/BioNTech
-For ages 16+
-2 doses 21 days apart
- Moderna
-For ages 18+
-2 doses 28 days apart

Side Effects of Vaccines

- Pain, redness, or swelling of shot location
- Fever
- Fatigue
- Headache
- Muscle Pain
- Chills
- Joint pain

COVID-19 Safety Precautions

- Avoid close contact
- Wear cloth face coverings
- Practice good hygiene
- Stay home if you're sick

You are recommended to wear a mask, even if vaccinated.

Phase 1a

- Health Care Personnel
-Hospital Settings
-Non-Hospital Healthcare
- Long Term Care Facility (and Other Congregate Care) Staff and All Residents

Phase 1b

- Adults over 65 years of age
- Frontline Essential Workers
- Inmates

Phase 1c

- People aged 16 to 64 with high-risk medical conditions
- Other essential workers

Phase 2 - General population

Notes

- No vaccine yet for children
- People who already had COVID-19 should still get vaccinated

COVID-19 Vaccine Illinois Department of Public Health Frequently Asked Questions

Vaccine availability

Q. Where can I get the vaccine for ages 65+?

A. As directed by the Illinois Department of Public Health (IDPH), vaccines are administered at the local level. Eligibility determination is not consistent among local health departments. You are encouraged to contact your local health department to understand the vaccination process in your area.

Q. Will the government establish mass immunization programs, like in the 1960's?

A. Illinois is working with local health departments and providers to give vaccinations that resemble larger versions of yearly flu clinics, rather than the mass vaccination.

Q. Will undocumented people be able to get the vaccine?

A. All persons in Illinois, including individuals who are undocumented, can get the vaccine.

Vaccine Requirements/Mandates

Q. Do I have to get a COVID-19 vaccine?

A. There is no federal or state mandate to get the vaccine. The CDC recommends the vaccine to all Americans 16 and over.

Q. What happens if I refuse to get a vaccine?

A. There are no legal repercussions (fines, sanctions, punishments) for refusing the vaccine. However, you will not be protected against the virus and could be infected. You risk transmitting this deadly virus to loved ones and community members.

Q. Do I need a vaccine if I have already had COVID-19?

A. Yes, you should plan to take the vaccine, because the science is currently inconclusive as to whether you will be naturally protected from a second infection.

Vaccine Safety

Q. Is a COVID-19 vaccine safe?

A. Yes. Vaccines had clinical trials with thousands of participants to generate scientific data and other information for the FDA to determine their safety and effectiveness.

Q. How was the COVID-19 vaccine studied?

A. Each authorized vaccine has been studied in trials of over 30,000 volunteers and shown to be highly effective in preventing COVID-19. The trials involved people of different ages, sex, race/ethnicity, weight, and medical conditions.

Q. What have the trials revealed?

A. Through their respective clinical trials, Pfizer and Moderna have indicated their vaccines are approximately 95% effective.

Q. When injected with the vaccine, are you injecting me with COVID-19?

A. No, you are not being injected with the virus that causes COVID-19. None of the early COVID-19 vaccines tested in the U.S. use a live COVID-19 virus. mRNA vaccines work by training the immune system to recognize a virus threat and produce antibodies to protect itself.

Q. It took four years to develop the mumps vaccine, how can the COVID-19 vaccine be safe and thoroughly tested so quickly?

A. Significant resources were invested to fund the basic research and clinical trials, accelerating timelines greatly. Joining existing trial sites instead of developing new sites was a time saver. The virus has a good vaccination target and relatively low mutation rate. The amount of infection in the communities allowed scientists to quickly compare vaccinated to unvaccinated populations and conclusively shows the vaccine worked. Last, but not least, are the huge number of brave volunteers willing to try the "novel" vaccines during the clinical trials.

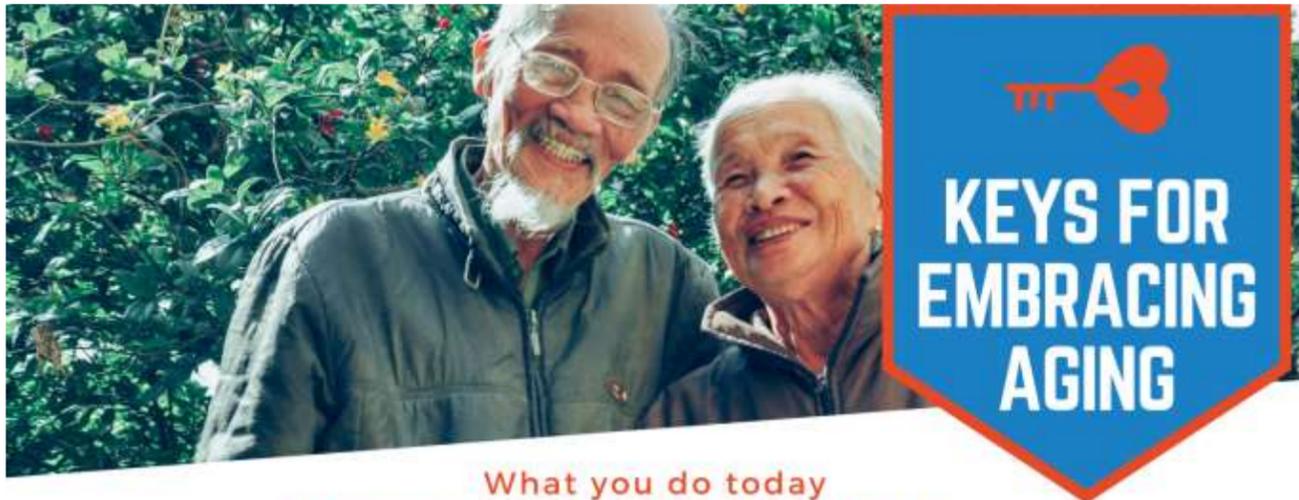

Other

Q. I would like to know how we plan to roll out an educational campaign for vaccine.

A. Along with educational and communications campaigns from the federal government, the state will use multiple traditional, social, and community media platforms to communicate across Illinois.

Q. How much will this vaccine cost me? Is it covered by my insurance?

A. There is no cost for the vaccine. However, vaccination providers will be able to charge an administration fee for giving the shot. Vaccine providers can get this fee reimbursed by the patient's public or private insurance company or, for uninsured patients, by Health Resources and Services Administration at US Department of Health and Human Services.

What you do today influences your future. Learn how to take care of yourself now to embrace aging and grow gracefully, successfully, and with increased longevity.

KEYS FOR EMBRACING AGING is a free 12-part series designed to help aging adults develop strategies for taking care of themselves through the years. Attend all 12 sessions, or simply drop in on the sessions that fit your schedule. By the end of the year, you'll be physically and mentally ready to embrace aging with open arms.

POSITIVE ATTITUDE — MARCH 25 —	SOCIAL ACTIVITY — APRIL 22 —	STRESS MANAGEMENT SEPTEMBER 16

BENEFIT ACCESS PROGRAM

APPLY at www.illinois.gov/aging

The Benefit Access Program offers two benefits for seniors and persons with disabilities:

- A LICENSE PLATE FEE DISCOUNT
- FREE RIDES ON FIXED-ROUTE TRANSIT SYSTEMS

Eligibility is determined by income, residency, age and/or disability utilizing an online application.

QUALIFICATIONS:

Age Requirements:

- 65 years of age or older before January 1 of the current year; or
- You must become 65 years of age this year; or
- You must be 16 years of age or older before January 1 of the current year and qualify as disabled.

Residency Requirements:

- You must live in Illinois at the time you file your application.

Income Requirements:

Income limits are new for January 1, 2020 for License Plate discount and Ride Free Transit Card.

*Total income last year must be:

	For Applications Submitted:	
	Before Jan. 1, 2020	On or After Jan. 1, 2020
Household containing one person	less than \$27,610	less than \$33,562
Household containing 2 persons	less than \$36,635	less than \$44,533
Household containing 3 or more persons	less than \$45,657	less than \$55,500

NOTE: *You must include your spouse's income if married and living together on December 31 of last year. If your spouse died last year, you would file as single and claim only your income.

Disability Requirements:

To qualify as disabled, you must be at least 16 years of age prior to January 1 of the current year and be determined totally and permanently disabled (as defined by program requirements) prior to January 1 of the current year.

SENIOR FARMERS' MARKET NUTRITION PROGRAM INFO

LifeSpan Center 2021

The purpose of the **Senior Farmers Market Nutrition Program** is to promote the routine consumption of fruits and vegetables as a part of the daily diet. Checks for seniors are distributed at local senior facilities through the cooperation of the Illinois Department on Aging, Area Agencies on Aging and Catholic Charities of the Archdiocese of Chicago. These checks can be redeemed for fresh fruits and vegetables at local farmers' markets in (36) counties. Nutrition education materials, including recipes, are also distributed.

LIFESPAN REOPENING STATUS

RENTAL & ACTIVITIES INFORMATION

Greetings!

At this time there has not been an established reopen date for the LifeSpan facility. In addition to continuing concerns regarding COVID-19 and our efforts to exercise extreme caution throughout the pandemic, the facility experienced significant damage due to a water pipe leak late last winter. Although the repairs are being scheduled and will soon be underway, the conditions are not conducive to resuming activities or scheduling specific usage to the facility.

JULY 25—AUGUST 1, 2021

ILLINOIS' OLDEST CONTINUOUS COUNTY FAIR

Since 1854 the Coles County Fair has been held—making it the oldest continuing county fair in the state. However, Coles County has been interested in agricultural fairs since 1841. An association entitled the Coles County Agricultural Society was formed in Charleston on May 24, 1841. The Society held three successive fairs given on October 1, 1841, October 1, 1842 and September 27, 1843. Each fair lasted one day and, as there were no grounds belonging to the association, they were held on the town commons located in the northwest part of Charleston in what was then called “The Woods.” In 1856 the directors of the Coles County Agricultural Society were able to secure about seven acres of elevated land about a mile west from the city of Charleston. They paid a hundred dollars down on it, built a fence around it, dug and curbed a well, and made a list of premiums for the next fair to be held September 24 and 25, 1856.

It was the site of the fourth of the seven Lincoln-Douglas debates on September 18, 1858 where an estimated crowd of between ten and twelve thousand was in attendance. The grounds were described by many to be the most beautiful fair-grounds in the state. William Jennings Bryan’s colorful speeches were once part of the Chautauquas held on the grounds and traces still can be found of the sidewalk to the tabernacle where evangelist Billy Sunday once preached. In the early 1900’s the race track was lengthened, repaired, and practically rebuilt by bringing in three hundred loads of dirt. There were horse races, mule races, bicycle races, dog races and a “fire truck” race. A part of the Charleston Fire Department before 1900 consisted of barrels pushed on carts by men.

The Coles County Fair suffered a great disaster Saturday afternoon, May 26, 1917 when a terrific tornado demolished the grounds, with the exception of a portion of one stable. Another disaster, a fire on December 1, 1973, killed 57 race horses. The grounds have continued to change and expand through the years and more buildings have been added and updated.

(full articles can be found at https://colescountyfair.com/?page=about_history)

LIFESPAN CENTER/COLES COUNTY COUNCIL ON AGING

'LET'S GET MOVING'

SPRING STEP CHALLENGE UPDATE

Agency-wide, 19 staff participated in the program that took place between April 1 and June 30, 2021.

Cash prizes and other goodies were earned based on the leaderboard, special awards and chances earned by participating in pop/flash challenges throughout the competition.

Our group accumulated well over 11 MILLION steps, which equates to walking more than 5,500 MILES!

Five staff members individually exceeded ONE MILLION steps each!

These challenges will continue in the future based on very positive feedback from those involved.

Direct feedback:

"I honestly didn't think I was going to like/be able to do this challenge. It was hard at the beginning. The more I did seemed to get a little easier... Then I realized I loved the fact I kept pushing myself not just to win but to see if I could beat my steps for myself...I really liked this challenge. I hope I can keep motivating myself after the challenge is over". Dial-A-Ride Driver

"I have enjoyed this contest. My normal steps daily range from 700 to 1000. My goal has been to increase that... this challenge has helped me to go out and try to get a few more steps in, which is healthy for me both physically and emotionally". Dial-A-Ride Dispatcher

"I think the challenge overall was TERRIFIC!! I would like to have more pop challenges. Keep it going!!" Dial-A-Ride Driver

"Love it. Brought a lot of information right in front of my eyes. I definitely pay more attention to it at work (I like that this is something we all have in common....and it has been having the pop up challenges". Senior Information Services staff

Keep an eye out for updates as we will roll out a new step challenge in the fall!
