Older Americans Act Policy Update

September 18, 2019
Strengthen the aging services and supports that make it possible for older adults to age well and safely at home and in the community.

Reauthorize the Older Americans Act
Senate Draft Bill

- Bipartisan, so nobody got all they wanted
- Lots of reports for AoA to do!
- No new programs
- Hesitant to add new definitions
- Modernizing, but also queuing up the next reauthorization
- No authorized funding levels yet, nor solution to “hold harmless”
- Mostly driven by ideas from the Aging Network, Senate champions; a few from those who just showed up for reauthorization
Senate Draft Bill

Caregiving
- Encourages caregiver assessment (not mandatory), best practices, AoA technical assistance, report to Congress
- Report on social isolation and how Network addresses it
- Lifts cap on III E grandfamilies funding
- Extends RAISE for 5 more years

Nutrition
- States encouraged to be more flexible on C to C transfer
- Adds nutrition service provider definition
- Study on unmet need for nutrition programs
Senate Draft Bill

- Attempt to help on business arrangements
- Title IV evaluation & demonstrations
- Age-friendly efforts (turns federal coordinating body on aging into one on “healthy aging and age-friendly communities”)
- Cross-federal study on home modifications
- Updates language on multi-generational demos
- GAO Report on cost-sharing and voluntary contributions
Dignity in Aging Act: House Bill Introduced

Increases Funding for All Older Americans Act Programs

• Provides robust funding increases for OAA programs, which will help expand access to food assistance, transportation, and other basic services that a growing population of seniors need to live independently and with dignity.

• All OAA programs will receive an immediate 7 percent increase in fiscal year 2020 (FY2020) and a 6 percent increase every year thereafter. This results in more than a 35 percent total increase in program funding over the five-year reauthorization period, boosting OAA funding above its historical high watermark in FY2010.
Provides Support to Caregivers
Recognizes the vital role of family caregivers in supporting aging Americans, the Dignity in Aging Act by extending the authorization of the RAISE Family Caregivers Act, which requires the development of a national strategy to recognize and support family caregivers.

- Improves the process for determining what types of support caregivers need, including the use of caregiver assessments.
- Eliminates the funding cap that limits the support older relative caregivers – often grandparents raising grandchildren – can receive under the National Family Caregiver Support Program.

Puts A Greater Focus On Social Isolation
Empowers local organizations to evaluate solutions for social isolation, which greatly increases the risk of stroke, heart disease, dementia, and premature death, and incorporates social isolation screening into the health and supportive services that seniors receive. Directs the Assistant Secretary for Aging at the Department of Health and Human Services to create a new focus on the issue of social isolation among older adults at the national level.

Gives the Assistant Secretary New Tools for Research, Evaluation, and Demonstration Efforts
Establishes a National Research, Demonstration, and Evaluation Center for the Aging Network in the Office of the Assistant Secretary of HHS responsible for conducting, promoting, and coordinating research, including evaluation and demonstration projects, and related technical assistance throughout the Act.
Improves Economic Opportunity and Engagement for Older Individuals
Add individuals who are justice-involved as a priority population for the Senior Community Service Employment Program. Allows for demonstration funds to be used for multigenerational collaboration projects that provide opportunities for older individuals to participate in multigenerational activities and civic engagement activities.

Strengthens the Services Available to Native Americans
Creates a demonstration program and authorizes over $500,000 in additional annual funding to provide grants to tribal organizations to carry out in-home and community supportive services. Provides $500,000 for technical assistance for tribal organizations implementing OAA programs in FY20.
Helps Communities Address the Needs of Older Individuals
Establishes the Interagency Coordinating Committee on Age-Friendly Communities and tasks the Committee with coordinating efforts to promote safe and accessible independent living environments.
